

Finally home

F# D#m B
When the last song is sung & the last hymn has rung

F# C#/F

& the last bell fades to silence

F#/D# /C# G#/C

When the last hand is raised & the last knee is bowed

B F# C#

& I look on your face &

F#/A# /D# /B G#m7 C#

I am finally home

F# D#m B
Since the first day has dawned & the first stars did rise

F# C#/F

Since the first moon waned in twilight

F#/D# /C# G#/C

& the sun's weary head turned the morning from night

B F# C#

& heaven saw your face &

F#/A# /D# /B G#m7 C#

your name was first spoke

F# F7 Bbm
I'll lift my hands, I'll raise my eyes

B F# /E# /D# /C# B /A# /G#

I'll fall on my knees to my God

F# C# F#

I'll fall on my knees to my God

F# D#m B
Till my body has died & I'm crying no more

F# C#/F

Till my weakness melts in your sight

F#/D# /C# G#/C

Till I first see your crown & the sun fades away

B F# C#

& I look on your face &

F#/A# /D# /B G#m7 C#

see you with my eyes
